The "Beyond."
Ex-Governor Taylor, of Tennessee, in his beautiful lecture on "Hope," gives to the world the following lovely boquet:
"Beyond this beautiful and rippling stream, just over the edge of grassy knoll, there blooms a rare and richly tinted flower. They tell us it is so rarely beautiful that it may have blushed to light at the touch of an angel's kiss, and caught its rosy flush from a burning star.
"Beyond the pathless mountains that lift their blue peaks in the fading distance, they tell us there is a charming valley that drips the diamond dew of the morning and bathes in the liquid sunbeams, clad in verdure of everlasting green and dotted all over with flowers of every hue and shade.
"Beyond the blue waters of the pathless ocean, they tell us there is a climate from which the mellow sunlight of spring never, never departs; that it is laden with the songs of birds of beautiful plumage, and peace, ease and plenty rule the lives of people that never heard of war or pestilence.
"Beyond the curtain of darkness that hangs over the gloomy night, there dwells a picture of morning—a picture of fresh, new life—that seems to wake and move and breathe away the mists, and they tell us its background is pleasure.
"Beyond the aches and struggles, the fears and disappointments, the bitter trials and the wearying labors of time, we are taught there is an eternity whose higher possibilities give promise to calmer hours and sweeter rest."
If you are bilious and seeking advisers, Take DeWitt's Little Early Risers, Just before going to bed. You will find on the morrow, You are rid of your sorrow— That's all; just enough said. These famous pills do not gripe, but move the bowels gently and easily, cleansing the liver. Their tonic effect gives strength to the glands, preventing a return of the disorder. A. W. Foreman. dw

Bringing Out the Facts.

We want to make it as strong as we know how—

That we will give you better Lumber at the same price, or equal grades at a lower price than elsewhere.

We believe first, in giving the best lumber that money can buy, and then in making the price as low as possible for that kind of lumber. And still we defy you to find lower prices than our.

If you leave our yard dissatisfied, it's your own fault, because we do our level best to please every customer who buys building material here—even to giving him the best stock and the lowest prices.

If that won't satisfy you—what will? Any way, be sure and see us before buying; not afterwards.
